"Everything around us is a source of inspiration and worth a second look. PegCollection is inspired by the clothes peg. When we create a product, our starting point is often something small, simple and very ordinary. Our ambition with PegCollection was to create a lamp that stirs recognition, giving the viewer an aha-experience. Not only a light source, the sculptural quality of PegCollection creates a strong personality, its boldly simple form allowing PegCollection to fit perfectly into both the home and public environment. "

Made of acrylic. Wall light with body in white laquered sheet metal. Flourescent light, bulb included.

	Article number	Total height mm	Max width		Bulb	Alternative bulb	Flex mm
Table light	PEG40T	400	133		E14 11w	-	600+1500mm white
